ONLY FRESH MEAT

Dogs and cats are fundamentally carnivores so therefore they need a diet rich in proteins of animal origin.

Fresh meat provides proteins of the highest biological value. That's why in OWNAT AUTHOR **we only use fresh meat or fish,** and in a high proportion (at least 60%).

0% MEAT MEALS

Most extruded products use meat meal as their primary source of protein, but processing at high temperatures and pressures reduces their nutritional value.

"However, at Ownat Author, **we do not use any pre-processed meat** (meals). We only use fresh meat, which ensures **good digestion, excellent nutritional quality, and a superior flavor.**"

IRRESISTIBLE TASTE

EXCEPTIONAL *nutritional* QUALITY

NATURAL, TRULY NATURAL

WITH OVER 90% NATURAL INGREDIENTS

We prioritize locally sourced fresh meats, vegetables and whole-grains thanks to our cooperative structure and work with local suppliers. **We're also transparent:** we detail all ingredients and clearly identify natural ingredients.

SUPERFOODS

All our recipes include superfoods such as blueberries, goji berries, chia seeds, devil's claw roots, and turmeric, which provide digestive **benefits, natural antioxidants and omega 3 fatty acids.**

FREE OF ARTIFICIAL PRESERVATIVES, NO COLOURANTS

EXCLUSIVE SOFT COOKING PROCESS

More natural cooking, with a greater amount of steam, to maintain the **highest original nutritional qualities of the ingredients.**

AN EXCLUSIVE RANGE FOR THOSE WHO DEMAND THE BEST
