PREVENTION AND CARE

Complete and balanced nutrition for dogs and cats with special needs

DAILY FEED FOR PETS

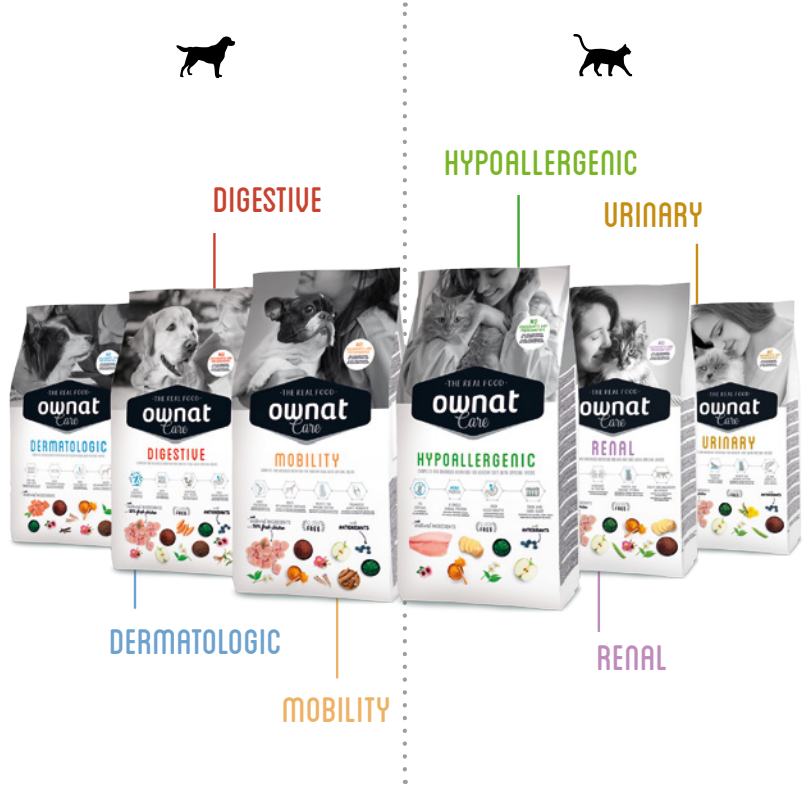

Prepared with natural ingredients and fresh meat, the **complete and balanced formulations** provide all the essential nutritional components in the right proportions that are essential for proper development and wellbeing of dogs and cats. Therefore, **Ownat Care** is very suitable as a daily feed for your pet.

CARING FOR SPECIAL NEEDS

Each formulation is reinforced with selected **functional ingredients** that provide **beneficial effects for specific health-related needs**. Ownat Care is not a veterinary prescription diet. If your pet is suffering from any disease, you should follow the advice of your vet.

6 VARIETIES TO COVER THE MOST COMMON SENSITIVITIES

Three varieties for dogs and three for cats aimed at some of the most common sensitivities:

MOBILITY

OWNAT CARE MOBILITY is indicated for dogs with delicate joints, in the growth phase as well as for adults and seniors. Contains a moderate calorie content to prevent weight gain and with functional ingredients for improving joint health.

JOINT PROTECTION
The high chondroitin sulphate and glucosamine content helps reduce joint wear, while simultaneously ensuring proper maintenance of the synovial fluid.

HELPS INFLAMMATORY RESPONSE
Among the benefits of krill and salmon, as a source of omega-3 fatty acids, as well as those of the harpagophytum and turmeric, stands out their ability to help the inflammatory response.

BOOSTS THE IMMUNE SYSTEM
The combination of the cranberry content, a fruit with a high nutritional value and containing a high concentration of antioxidants and vitamins, together with nucleotides and highly absorbable organic minerals helps to boostthe immune system of the dog.

PROMOTES JOINT MOBILITY
The extra hydrolysed collagen content is essential for improving the mobility and functionality of the joints.

FORMATS: 3 kg / 10 kg

GLUTEN FREE

COMPOSITION: Fresh chicken* (min. 30% before extrusion), dehydrated chicken, whole-grain rice* (12%), whole maize*, whole peas*, hydrolysed salmon (5%), poultry fat *(preserved with natural antioxidants)*, cassava roots* (4%), carob pods*, dehydrated krill* (2.5%), hydrolised chicken protein, beet pulp, salmon oil *(preserved with natural antioxidants)* (1.5%), yeasts (nucleotides)* (1.5%), hydrolysed collagen (1%), apple* (1%), linseed*, rock salt*, fructo- and mannan-oligosaccharides, chondroitin sulphate (1,500 mg/kg), glucosamine (1,000 mg/kg), dehydrated alfalfa*, dehydrated marine algae (Ascophyllum nodosum)* (500 mg/kg), yucca shidigera, cranberries* (100 mg/kg), grapple plant* (100 mg/kg), turmeric* (100 mg/kg), chamomile flower* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg).

*Natural ingredients.

DERMATOLOGIC

OWNAT CARE DERMATOLOGIC is indicated for regular feeding of dogs susceptible to dermatological sensitivities. Provides a complete nutritional diet. Made with quality, low-allergen proteins and with functional ingredients to mitigate redness, itching and ensuring that the skin and hair are soft and healthy.

SKIN AND HAIR CARE
Borage oil nourishes, softens and protects your pet's hair and skin. This effect is enhanced by the extra omega-3 provided by the krill and salmon.

100% HYDROLYSED ANIMAL PROTEIN
All the animal protein content is 100% hydrolysed to avoid any allergic response.

HIGH DIGESTIBILITY
Product made with hydrolyzed raw materials containing a high proportion of nutrients with a very high absorption availability rate.

HELPS INFLAMMATORY RESPONSE
Among the benefits of krill and salmon, as a source of omega-3 fatty acids, as well as those of the harpagophytum and turmeric, stands out their ability to help the inflammatory response.

FORMATS: 3 kg / 10 kg

COMPOSITION: Hydrolysed salmon* (14%), whole-grain rice* (13%), dehydrated potato*, hydrolysed wheat gluten (12%), poultry fat *(preserved with natural antioxidants)*, hydrolysed animal protein (10%), cassava roots*, carob pods* (5%), beet pulp, dehydrated krill* (2.5%), yeasts (nucleotides)* (1.5%), linseed* (1.5%), salmon oil *(preserved with natural antioxidants)*, borage seed oil (with about 20.5% gamma-linolenic acid) (0.5%), rock salt*, fructo- and mannan-oligosaccharides, dehydrated marine algae (Ascophyllum nodosum)* (500 mg/kg), yucca shidigera, turmeric* (100 mg/kg), grapple plant* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg).

*Natural ingredients.

DIGESTIVE

OWNAT CARE DIGESTIVE is a regular food for dogs with sensitive gastrointestinal tracts. Carefully prepared with natural ingredients, probiotics and prebiotics, for boosting intestinal health, promoting balanced intestinal flora and optimal digestion.

DIGESTIVE WELL-BEING
The plant ingredients provide unrefined carbohydrates that together with the carminative aromatic plants, promote digestive well-being.

WITH PROBIOTICS
The added probiotics have a beneficial effect on intestinal microflora, reducing the population of many harmful intestinal bacteria.

HIGH DIGESTIBILITY
With the best natural ingredients, high proportions of fresh meats and a limited content of selected cereals, always wholegrain.

We prepare this recipe following our exclusive **SLOW COOKING** process: the ingredients are cooked very slowly at low temperature, in their own juices and in limited production batches to retain maximum nutritional quality and achieve exceptional digestibility.

WITH PREBIOTICS
Chicory root fibre and mannanoligosaccharides are a source of soluble fibre that stimulates the growth of healthy bacteria in the intestine. They improve the digestion and absorption of nutrients while promoting the immune system and helping to minimise the occurrence of diarrhoea.

FORMATS: 3 kg / 10 kg

GLUTEN FREE

COMPOSITION: Fresh chicken* (min. 20% before cooking), dehydrated chicken, cassava roots*, dehydrated sweet potato* (10%), whole maize*, whole-grain rice* (7%), poultry fat *(preserved with natural antioxidants)*, hydrolysed salmon (6%), dehydrated fish, carob pods*, hydrolysed chicken protein, beet pulp, salmon oil *(preserved with natural antioxidants)*, yeasts (nucleotides)* (1.5%), apple* (1%), linseed* (1%), rock salt*, dehydrated alfalfa*, chicory roots (FOS)* (2 g/kg), yeast extract (MOS) (2 g/kg), dehydrated marine algae (Ascophyllum nodosum)* (500 mg/kg), yucca shidigera, cranberries* (100 mg/kg), grapple plant* (100 mg/kg), chamomile flower* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg).

*Natural ingredients.

HYPOALLERGENIC

OWNAT CARE HYPOALLERGENIC High-end food, specially made with fish as the only source of animal protein, and cereal-free. Excellent alternative for protecting against allergies and intolerances. The fish also includes optimal levels of essential fatty acids that are very important for maintaining healthy skin and silky shiny hair.

0% CEREALS
The cereal-free formula, which avoids the intolerances or allergies that cereals can sometimes cause.

MONOPROTEIC – A SINGLE ANIMAL PROTEIN
Its unique source of animal protein allows to select by exclusion, the most suitable protein source for those cats with allergy and intolerance problems.

HIGH DIGESTIBILITY
Exclusive fish content as the only source of animal protein and cereal-free formulation promote high digestibility.

SKIN AND HAIR CARE
High levels of omega-3 keep the skin healthy and hair silky and shiny.

FORMATS: 1.5 kg / 3 kg

GLUTEN FREE

COMPOSITION: Fresh oily fish* (min. 30% before extrusion), dehydrated potato* (22%), dehydrated fish (20%), hydrolysed salmon (10%), cassava roots*, poultry fat *(preserved with natural antioxidants)*, beet pulp, brewer's yeast*, hydrolysed vegetable protein, apple* (1%), salmon oil *(preserved with natural antioxidants)* (0.5%), rock salt*, fructo- and mannan-oligosaccharides, dehydrated marine algae (Ascophyllum nodosum)* (500 mg/kg), yucca schidigera, cranberries* (100 mg/kg), turmeric* (100 mg/kg), chamomile flower* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg).

*Natural ingredients.

OUR SPECIFIC SOLUTIONS FOR THE AFFECTIONS OF THE URINARY SYSTEM

RENAL NEW

OWNAT CARE RENAL is a perfect nutrition for adult cats of any breed sensitive to renal system disorders. Includes a controlled content of minerals and proteins contributing to a healthy renal function as well as aromatic plants (harpagophytum and turmeric) to help the inflammatory response.

LOW IN MINERALS
The balanced mineral content helps to promote urinary tract health.

MODERATE IN PROTEIN
Moderate protein content to avoid kidney overload. However, these are proteins of high biological value so as not to compromise the maintenance of muscle mass.

BOOSTS THE IMMUNE SYSTEM
With fresh apple, which contains a high concentration of antioxidants, to help boost the immune system of the cat.

HELPS INFLAMMATORY RESPONSE
With harpagophytum and turmeric, plants that help the inflammatory response.

FORMATS: 1.5 kg / 3 kg

GLUTEN FREE

COMPOSITION: Fresh chicken* (30 % min. before extrusion), cassava roots* (12 %), dehydrated potato* (12 %), poultry fat *(preserved with natural antioxidants)*, whole-grain rice* (8 %), salmon hydrolysate (7 %), dehydrated salmon (7 %), dehydrated pork, whole peas* (2 %), hydrolysed chicken protein, beet pulp, salmon oil *(preserved with natural antioxidants)* (1 %), brewer's yeast* (1 %), apple* (1 %), rock salt*, fructo- and mannan-oligosaccharides, dehydrated marine algae* (Ascophyllum nodosum) (500 mg/kg), yucca shidigera, grapple plant* (100 mg/kg), turmeric* (100 mg/kg), camomile flower* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg).

*Natural ingredients

URINARY NEW

OWNAT CARE URINARY is a perfect nutrition for adult cats of any breed sensitive to urinary tract disorders. Its formulation incorporates aromatic plants (dandelion) that promote diuresis and, together with cranberries and a controlled mineral content, contributes to keeping the cat's urinary tract in optimal conditions.

MINERAL BALANCE
The balanced mineral content helps controlling the urine pH.

PROMOTES DIURESIS
The aromatic plants such as dandelion promote increased urination in the cat.

BOOSTS THE IMMUNE SYSTEM
With cranberries, which contain a high concentration of antioxidants, to help boost the immune system of the cat.

EXTRA OMEGA-3
High salmon content, natural source of omega-3 fatty acids which help the inflammatory response.

FORMATS: 1.5 kg / 3 kg

GLUTEN FREE

COMPOSITION: Fresh chicken* (30 % min. before extrusion), whole-grain rice* (14 %), dehydrated pork, dehydrated salmon (10 %), cassava roots*, whole peas* (6 %), salmon hydrolysate (6 %), dehydrated potato*, poultry fat *(preserved with natural antioxidants)*, beet pulp, hydrolysed chicken protein, salmon oil *(preserved with natural antioxidants)* (1 %), brewer's yeast*, apple* (1 %), rock salt*, fructo- and mannan-oligosaccharides, dehydrated marine algae* (Ascophyllum nodosum) (500 mg/kg), yucca shidigera, cranberries* (200 mg/kg), dandelion* (100 mg/kg), camomile flower* (100 mg/kg), echinacea* (100 mg/kg), green tea* (100 mg/kg).

*Natural ingredients

OWNAT GRAIN FREE HYPOALLERGENIC

DOGS MAY SUFFER **INTOLERANCES** AND **ALLERGIES** OFTEN RELATED TO THEIR **DIET**.

SOME OF THE MOST COMMON SOURCES OF ALLERGIES AND INTOLERANCES ARE **CEREALS AND ANIMAL PROTEIN**.

OWNAT HYPOALLERGENIC OFFERS **EXCLUSIVE CEREAL-FREE FORMULATIONS** AND WITH A **SINGLE SOURCE OF ANIMAL PROTEIN** (monoproteic) THAT ENABLES YOU TO SELECT BY EXCLUSION THE MOST SUITABLE PROTEIN SOURCE FOR YOUR DOG WITH ALLERGY OR INTOLERANCE PROBLEMS.

THE ANSWER TO ALLERGY PROBLEMS

LAMB

The formulation without cereals and with lamb as the single source of animal protein makes this an excellent alternative for resolving allergy and intolerance problems. Contains 50% fresh lamb that provides proteins of high biological value, has exceptional flavour and is highly appetising, ensuring the best use of nutrients.

COMPOSITION: Fresh lamb* (min. 50% before extrusion), dehydrated lamb (14%), cassava roots* (9%), animal fat *(preserved with natural antioxidants)*, whole peas* (9%), carob pods* (5%), dehydrated potato* (3%), apple* (1%), beet pulp, fish oil *(preserved with natural antioxidants)*, rock salt*, dehydrated alfalfa*, fructo- and mannan-oligosaccharides, dehydrated marine algae* (500 mg/kg), glucosamine (500 mg/kg), yucca schidigera, chondroitin sulphate (100 mg/kg), cranberries* (100 mg/kg), thyme* (80 mg/kg), camomile flower* (80 mg/kg), fennel* (80 mg/kg), echinacea* (80 mg/kg), green tea* (80 mg/kg).

*Natural ingredients

FORMATS: 3 kg / 12 kg

SALMON

Top-range feed especially prepared with salmon as the single source of animal protein and without cereals. Provides an excellent alternative for resolving allergy and intolerance problems. The salmon also includes optimum levels of essential fatty acids that are very important for maintaining a healthy skin and a thick and shiny coat.

COMPOSITION: Fresh salmon* (min. 30% before extrusion), dehydrated salmon (16%), salmon hydrolysate (14%), whole peas* (12%), cassava roots* (9%), animal fat *(preserved with natural antioxidants)*, carob pods* (5%), dehydrated potato* (5%), apple* (1%), beet pulp, salmon oil *(preserved with natural antioxidants)*, rock salt*, dehydrated alfalfa*, fructo- and mannan-oligosaccharides, dehydrated marine algae* (500 mg/kg), glucosamine (500 mg/kg), yucca schidigera, chondroitin sulphate (100 mg/kg), cranberries* (100 mg/kg), thyme* (80 mg/kg), camomile flower* (80 mg/kg), fennel* (80 mg/kg), echinacea* (80 mg/kg), green tea* (80 mg/kg).

*Natural ingredients

FORMATS: 3 kg / 12 kg

PORK

Prepared without cereals and exclusively with pork as the single source of animal protein.Provides an excellent alternative for resolving allergy and intolerance problems arising from other protein sources. Contains 50% fresh pork that provides proteins of high biological value, has exceptional flavour and is highly appetising, ensuring the best use of nutrients.

COMPOSITION: Fresh pork* (min. 45% before extrusion), dehydrated pork (20%), cassava roots* (8%), lard *(preserved with natural antioxidants)*, dehydrated potato* (5%), fresh pig's liver* (min. 5% before extrusion), carob pods* (4%), brewer's yeast* (2%), beet pulp, linseed* (1%), apple* (1%), dehydrated alfalfa*, fish oil *(preserved with natural antioxidants)*, rock salt*, fructo- and mannan-oligosaccharides, dehydrated marine algae* (500 mg/kg), glucosamine (500 mg/kg), yucca schidigera, chondroitin sulphate (100 mg/kg), cranberries* (100 mg/kg), thyme* (80 mg/kg), camomile flower* (80 mg/kg), fennel* (80 mg/kg), echinacea* (80 mg/kg), green tea* (80 mg/kg).

*Natural ingredients

FORMATS: 3 kg / 12 kg

MINI LAMB NEW

Particularly suitable for dogs between 1 kg and 10 kg adult weight who have digestive or skin sensitivities or intolerances. It is an excellent alternative to help discriminated allergy and intolerance to other sources of protein. Its formulation with 50% fresh lamb, high calorie content and very rich in protein, meets the high metabolic requirements of mini breeds.

COMPOSITION: Fresh lamb* (min. 50% before extrusion), dehydrated lamb (14%), animal fat *(preserved with natural antioxidants)*, whole peas* (9%), cassava roots* (9%), carob pods* (5%), dehydrated potato* (3%), apple* (1%), beet pulp, fish oil *(preserved with natural antioxidants)*, rock salt*, dehydrated alfalfa*, fructo- and mannan-oligosaccharides, dehydrated marine algae* (500 mg/kg), glucosamine (500 mg/kg), yucca schidigera, chondroitin sulphate (100 mg/kg), cranberries* (100 mg/kg), thyme* (80 mg/kg), camomile flower* (80 mg/kg), fennel* (80 mg/kg), echinacea* (80 mg/kg), green tea* (80 mg/kg).
